C-16 Adopt Resolution Authorizing City Manager to Execute Cooperation Agreement with Woodbridge Irrigation District and City of Stockton to Collectively Manage Groundwater Resources (PW)

This item was pulled at the request of Council Member Chandler for information purposes.

At the request of Council Member Chandler, Public Works Director Swimley provided some background information. He stated that Sustainable Groundwater Management Act legislation allows for cooperation agreements among various groundwater sustainability agencies (GSAs); at one point Woodbridge Irrigation District (WID) pulled out of the Joint Power Agreement of San Joaquin Eastern Groundwater Basin; following discussion between WID, City of Stockton, and City of Lodi, the agencies agreed to consider a cooperation agreement which is basically a formalized handshake which references various ways the three GSAs could work together collaboratively; all the agencies have invested heavily to become sustainable; and the agreement provides an advantage when it comes to cooperatively funding a larger project, although there is not a project currently planned. City Manager Schwabauer stated the agreement does not commit the City to a project, an expenditure of money, or an allocation of water rights.

Council Member Chandler made a motion, second by Mayor Pro Tempore Nakanishi, to adopt Resolution No. 2020-13 authorizing the City Manager to execute a Cooperation Agreement with Woodbridge Irrigation District and City of Stockton to collectively manage groundwater resources.

ROLL CALL VOTE

C-20 Accept Monthly Protocol Account Report Through December 31, 2019 (CLK)

Accepted the Monthly Protocol Account Report through December 31, 2019.

D. Comments by the Public on Non-Agenda Items THE TIME ALLOWED PER NON-AGENDA ITEM FOR COMMENTS MADE BY THE PUBLIC IS LIMITED TO FIVE MINUTES. Public comment may only be made on matters within the Lodi City Council's jurisdiction (Government Code Section 54954.3, Lodi City Council Protocol Manual Section 6.3I). The Council cannot take action or deliberate on items that are not on this agenda unless there is an emergency and the need to take action on that emergency arose after this agenda was posted (Government Code Section 54954.2(b)(2)). All other items may only be referred for review to staff or placement on a future Council agenda.

Melissa Williams, member of the public, introduced her son, Bradley, who explained to Council how he was hit by a truck in front of Reese School. Ms. Williams requested lighted pedestrian signs and lighted crosswalks in front of Reese School, due to heavy traffic during drop-off and pickup times. She stated similar signs are already located near the Police Department and

several other schools. She further stated that she has already spoken with the Traffic Engineering Division, but she would like Council support for increasing traffic safety measures in the area.

Council Member Chandler expressed his concern for the incident and asked for clarification on what signs are currently at the location, to which Ms. Williams replied that lighted signs are located on each side of the street but not in the street, and the crosswalk is not lighted.

In response to City Manager Schwabauer, Ms. Williams verified that crossing guards were not previously serving during kindergarten release times, but they are now. She further stated that Police enforcement in the area would also help.

Council Member Johnson stated that he appreciates the input and cooperation from Public Works, but he feels that the request for a Police presence should not be ignored. Mr. Schwabauer stated that, thanks to the passage of Measure L, the City now has five to six new officers joining the Police force, and one of the primary goals is to get the traffic unit up and running on a regular basis.

Mayor Kuehne inquired as to the status of traffic studies in the area, to which Public Works Director Swimley replied the traffic study has not been initiated due to the recent receipt of the request. He further stated that in-pavement crosswalk lights have been removed as (a) they are very difficult to repair and maintain, and (b) they were found to be less affective, especially at low sun angles. Flashing beacons have been found to be more effective, but Public Works will definitely take a look at the location.

Mike Lusk, member of the public, read four items he was submitting to Council (filed): (1) Selection by Lodi City Council of Mayor and request for an agenda item; (2) Annual Impact Mitigation Report; (3) Claim submitted for property in Reynolds Ranch Development and their parcel descriptions; and (4) Agenda Item No. C-10 on November 20, 2019 meeting regarding the Wastewater Capital budget. Following Mr. Lusk's comments, City Manager Schwabauer offered to meet to discuss the items.

Mayor Pro Tempore Nakanishi commented that he is interested in setting up a rotation for service as Mayor and suggested working towards that if two other Council Members are interested.

E. Comments by the City Council Members on Non-Agenda Items

Mayor Pro Tempore Nakanishi commented that the Groundwater Agency Authority, consisting of 17 members, has been working over the last two years on a groundwater sustainability plan for the county, which they voted on last week and which will now be sent to the California Department of Water Resources. The budget for the group for the next six months is \$382,000, with Lodi's share being \$10,000.

F. Comments by the City Manager on Non-Agenda Items

None.

G. Public Hearings

G-1 Public Hearing to Consider Adopting Resolution to Approve Community Development Block Grant (CDBG) Consolidated Plan Amendment No. 1 (CD)

Notice thereof having been published according to law, an affidavit of which publication is on file in the office of the City Clerk, Mayor Kuehne called for the public hearing to consider adopting

resolution to approve Community Development Block Grant (CDBG) Consolidated Plan Amendment No. 1.

CDBG Program Administrator Patrice Clemons provided a PowerPoint presentation regarding CDBG 2019-2023 Consolidated Plan Amendment No. 1. Specific topics of discussion included Consolidated Plan purpose, CDBG-eligible activities, project allocation process, important guidance from the Department of Housing and Urban Development, CDBG priority needs, and goal summary.

Mayor Pro Tempore Nakanishi stated that he thinks it is a good report but feels the City should concentrate efforts in fewer areas.

In response to Council Member Chandler, Ms. Clemons explained that activities to support Goal No. 5 would include funding the Asset Based Community Development (ABCD) program and youth leadership initiatives, and the estimated allocation would be \$30,000 for the five-year plan period.

Mayor Kuehne commented that the goals and list are great, but it would be better if the City picked one or two to concentrate on, rather than all 11. Further, he stated the City is already involved in some of the items. Some goals, such as community gardens, might be better suited for sponsorship from the Lodi Garden Club or Tree Lodi, rather than CDBG funds.

In response to Mayor Kuehne, City Manager Schwabauer stated CDBG funds are used for alleyways and gap closures on sidewalks. The idea is to be as flexible as possible for future funding needs. In further response, Mr. Schwabauer stated that as far as alley repairs in the Heritage District occurring in conjunction with Water Meter Program Phase 8, CDBG funding will vary by site.

In response to Council Member Chandler, Ms. Clemons stated that if funding is similar to last year, the City should receive approximately \$530,000.

Mayor Kuehne opened the public hearing for public comment.

There being no public comments, Mayor Kuehne closed the public hearing.

Mayor Pro Tempore Nakanishi made a motion, second by Council Member Chandler, to adopt Resolution No. 2020-14 to approve Community Development Block Grant (CDBG) Consolidated Plan Amendment No. 1.

G-2 Public Hearing to Consider Adopting Resolution Authorizing City Manager to Execute Energy Service Agreement with Schneider Electric Buildings Americas, Inc., of Carrollton, Texas, for Conceptual Development (Phase 1) and Design Development (Phase 2) for Replacement of Aeration Blowers and Diffusers at White Slough Water Pollution Control

Facility (\$225,000), in Accordance with California Government Code Section 4217 (PW)

Notice thereof having been published according to law, an affidavit of which publication is on file in the office of the City Clerk, Mayor Kuehne called for the public hearing to consider adopting resolution authorizing the City Manager to execute Energy Service Agreement with Schneider Electric Buildings Americas, Inc., of Carrollton, Texas, for conceptual development (Phase 1) and design development (Phase 2) for replacement of aeration blowers and diffusers at White Slough Water Pollution Control Facility, in the amount of \$225,000, in accordance with California Government Code Section 4217.

Public Works Director Charlie Swimley provided a PowerPoint presentation regarding an Energy Service Agreement with Schneider Electric for replacement of aeration blowers and diffusers. Specific topics of discussion included project description, Energy Service Company Agreement, phases, and benefits.

In response to Mayor Pro Tempore Nakanishi, Mr. Swimley confirmed the construction contract will be competitively bid once the design phases are done.

Mayor Kuehne opened the public hearing for public comment.

There being no public comments, Mayor Kuehne closed the public hearing.

Council Member Chandler made a motion, second by Mayor Pro Tempore Nakanishi, to adopt Resolution No. 2020-15 authorizing the City Manager to execute Energy Service Agreement with Schneider Electric Buildings Americas, Inc., of Carrollton, Texas, for conceptual development (Phase 1) and design development (Phase 2) for replacement of aeration blowers and diffusers at White Slough Water Pollution Control Facility, in the amount of \$225,000, in accordance with California Government Code Section 4217.

H. Regular Calendar

H-1 Lodi Improvement Committee Presentation of 2018-19 Prior Year Accomplishments, 2019-20 Year Goals, and Receive Direction on Updating Committee By-Laws (CD)

Community Development Block Grant (CDBG) Program Administrator Patrice Clemons introduced Lodi Improvement Committee (LIC) member David Diskin.

Mr. Diskin provided a PowerPoint presentation regarding the Lodi Improvement Committee report for 2019/20. Specific topics of discussion included overview; prior year goals: assist Asset Based Community Development (ABCD), support CDBG, assist Committee on Homelessness, encourage beautification of Lodi, improve active transportation, and improve healthcare for lower income residents; current goals: support leadership among Heritage District residents, recognize completed ABCD Cycle 3 projects, survey the public on CDBG priorities and goals, score CDBG

proposals and recommend funding, research “Visionary” projects, promote LIC goals and objectives, reduce homelessness, and provide recognition of properties and leaders; potential revisions to LIC purpose; and LIC background.

In response to Mayor Pro Tempore Nakanishi, Mr. Diskin stated that the amount of time spent varies among members. He acknowledged fellow LIC members Kathryn Siddle and Doug Bojack for their experience, passion, and hard work.

In response to Mayor Pro Tempore Nakanishi, City Manager Schwabauer clarified that CDBG applications were previously reviewed by one person but that Ms. Clemons had asked that the scoring be brought before a committee so the process would be more transparent; LIC now serves in that capacity.

In response to Mayor Pro Tempore Nakanishi, Mr. Schwabauer stated that LIC originated as the Eastside Improvement Committee, which was formed as a grassroots committee with JoAnne Mounce as one of the founding members. It was a neighborhood effort to try to overcome code enforcement, gang, and drug problems. The group initiated litigation through small claims court against landlords to eliminate nuisance properties. The original group were residents of the Eastside who were focused on a regulatory approach to improve their neighborhood. Over time, interest has shifted and the current LIC members now favor an empowerment approach, rather than regulatory, and are asking Council to consider a change in bylaws to reflect this shift.

Council Member Johnson asked if LIC could serve in both enforcement and empowerment. He would like to see LIC as an adjunct to code enforcement, which is short of officers, by being a reporting base for obvious situations, and helping to prioritize some of the code violations. In response, Mr. Diskin stated that while he understand the suggestion and it makes sense, LIC is a volunteer committee with limited hours. Volunteer committee usually get the most out of their members with things the members are passionate about. If a code enforcement issue was reported to LIC, they would take action; however, the things LIC is interested in could solve some of the underlying problems. For example, research has shown a community garden could reduce crime, improve land value, and reduce drug use. There is an overlap between the two, but today's Committee is more interested in solving underlying issues. Council Member Johnson responded that minor infractions become major infractions, the Eastside Improvement Committee had the same fervor but took a different direction, and he believes it is possible to meld both ideas.

Council Member Chandler thanked LIC for its work, particularly in the area of homelessness and the HEAP grant, stating that he hopes the group keeps homelessness as a priority. He further stated that originally the Eastside Improvement Committee was made up of residents of the Eastside but now that there is a wider member base, the goals may need to be broader to reflect that, and changes should be explored in a thoughtful way.

Mr. Diskin clarified that homelessness is not listed in the LIC bylaws.

In response to Mayor Kuehne, Ms. Clemons confirmed that two LIC members live within the Heritage District.

Mayor Kuehne noted that he believes bylaws need to be reviewed and updated periodically.

Council Member Chandler encouraged LIC to bring forward their suggestions for changes to the bylaws.

H-2 Adopt Resolution Approving Revisions to Contracts for Lodi Executive Management

Employees (Excluding Council Appointees) for Period January 1, 2020 through December 31, 2022 (CM)

City Manager Schwabauer provided a presentation regarding revision to contracts for Lodi Executive Management employees (excluding Council Appointees). Specific topics of discussion included three-year term of the agreement; benefits and compensation in line with Lodi City Mid-Management Association; compensation of 4% net with 5% increase and 1% PERS give back; compaction with the Electric Utility Director, due to movement within the mid-managers unit; recommendation for increase of 7% in the first year to maintain differential for Electric Utility Director; recommendation to provide the same rate to Deputy City Manager; both positions would receive 7% in the first year, with 1% PERS giveback, and 5% with 1% giveback in the second two years; and the 1% increase with the 1% PERS giveback would occur in June of the first year, due to the time needed to implement the PERS change.

Council Member Chandler made a motion, second by Mayor Pro Tempore Nakanishi, to adopt Resolution No. 2020-16 approving revisions to contracts for Lodi Executive Management Employees (excluding Council Appointees) for period January 1, 2020 through December 31, 2022.
