Mr. Bojack gave examples of a few of the items that he would like to consider: Shade Trees (E-2.3), Street Lights (E-2.4), Parking Minimums (T-1.2) and Solid Waste (SW-1.1). He added an example of Solid Waste allowing compostable paper products such as pizza boxes being allowed in the yard waste bin.

Mr. Diskin asked if there could be extra points awarded to CDBG applications if they assist in reaching any of these goals. Ms. Clemons stated that she would have to do some research in making sure that those requirements fit into the CDBG requirements. Mr. Bojack would like to invite the organizations to LIC meetings to discuss their programs and how they can help with this item. He would like to invite Tree Lodi and Kathy Grant to a meeting to discuss how trees can help with storm water. Mr. Diskin asked who the intended audience is for this document. A. **Update on CDBG Program**

a. Mandatory Application Workshop
b. Community Needs Workshop
c. Application Scoring Tool and Process

Patrice Clemons, CDBG Specialist and Staff Liaison, gave a report on the items above based on the staff reports. Ms. Clemons stated that a survey was done in
late 2018 for the new five year Consolidated Plan which was used to determine the community needs for this year’s application process. She added that the CDBG Program will be going to a two-year funding cycle starting next year (2020). Ms. Clemons stated that the anticipated funding is approximately $90,000 for public services and $390,000 for capital improvements projects. The capital improvement projects are split forty percent to community organization projects and 60 percent to city sponsored projects.

Jillian Murphy with Emergency Food Bank San Joaquin asked to have the link to the application repeated. Ms. Clemons stated that she would email the link to her.

Ms. Clemons stated that the mandatory portion of the Workshop is over and asked that everyone sign the sign-in sheet before leaving, so staff can verify attendance.

Ms. Clemons stated that the Community Needs will be scored based on the current Consolidated Plan as well as the survey results from the new plan survey. She added that a Blue Sheet item with the draft highlights from the survey has been provided for Committee and public review. Mr. Diskin asked Ms. Clemons to read from the report for the public that may not have had a chance to see the document yet. Ms. Clemons read from the document attached to the minutes as Attachment A. Mr. Diskin asked Ms. Clemons to elaborate on the significance of the green highlighted areas of the report. Ms. Clemons stated that the green highlighted areas are from respondents that work or live in the CDBG target area.

Ms. Clemons stated in response to several questions for the audience:

1. The total number of surveys received was 207; 15 in Spanish and 192 in English.

2. The methods used for notifying people of the survey were by posting in the Lodi News Sentinel, on City of Lodi Website, on City of Lodi social media pages, all past CDBG fund recipients were emailed, emailed to all City of Lodi Employees, Committees and Commissions in addition to various organizations within the City.

3. The survey was available in English and Spanish in both paper and electronic format.

Ms. Clemons stated that a draft scoring rubric has been provided for review. She added that it is her intention of making the process a little more streamlined which should keep the scoring of the applications to just one meeting this year.

Lisa Vella, El Concilio, came forward to ask if there are examples of past applications that people could use as a template. Mr. Diskin stated that past applications can be found on the CDBG webpage and Ms. Clemons stated that they can also be found on the LIC page as part of the agenda packet in March of 2018.

Sharon Dillis, California Human Development, asked for clarification regarding the breakdown of funds for community projects. Ms. Clemons stated that 40 percent is for community organization projects. Member Diskin added that it should be close to $150,000.

III. ANNUAL GOALS
A. Update on CDBG Program
   a. Review and Score Applications for 2019-20 program year
   b. Finalize Recommendations on 2019-20 Projects and Allocations
   c. Outreach Event at California Human Development
   d. Schedule for Consolidate Plan and AAP Approval

Patrice Clemons, CDBG Specialist and Staff Liaison, gave a report on the items above based on the staff report. She stated that the first step will be for the Committee to discuss their scores and if they have questions the applicants can come forward to answer them.

Chair Doug Bojack asked for the summaries of the scores that were collected prior to the meeting. Ms. Clemons brought the worksheet up on the screen. The draft averaged scores are as follows: Second Harvest at 140, Salvation Army 135, LOEL at 130, Community Partnership for Families at 128, Emergency Food Bank at 127, California Human Development (CHD) at 124 and One Eighty Youth at 118. She added that there are three buckets; Social Services, Planning and Administration and Capital Improvement Projects.
Ms. Clemons stated that the Committee is only scoring on the community based social services projects and not the City sponsored projects.

Diskin asked how much the Salvation Army spent on repairs of the HVAC system. Ms. Clemons stated that she would ask Major Mark to come forward to answer.

Major Mark Thielenshaus came forward to answer member Diskin’s question by stating that they have been calling out repair companies on a regular basis. Mr. Diskin asked to see those numbers. Major Thielenshaus stated that he would email those numbers to Patrice.

Chair Bojack asked if there were any questions from the Committee on the following items:

1. Second Harvest – score of 140
   - Member Siddle asked how many people in Lodi will benefit from the monies. Ms. Clemons stated that 2000 people will benefit.

2. Salvation Army – score of 135
   - Chair Bojack asked if an application for ongoing needs is outside the scope of a new project. Ms. Clemons stated that if they were not funded for the program last year then the application is considered new.
   - Discussion was had regarding the requirements of when an application is considered new even though the company has received funds in the past from the program. Ms. Clemons stated that she will follow up with a memo to the Committee with that information.

3. LOEL Center – score of 130
   - Member Siddle asked if there are people that receive the Meals on Wheels that are not low income. Ms. Clemons stated that there are recipients that receive the meals that are not considered low income. She added that there is a requirement that 71 percent of the recipients be in the low to moderate income category.
   - Vice Chair Zaman stated that she does not see that the seniors in the Heritage District are being assisted. Ms. Clemons stated that there isn’t a representative in attendance and Ms. Williams is aware of the concern. Member Diskin asked if the project can be approved with a condition that they show the percentage of people being served in the Heritage District. Ms. Clemons stated that a condition of approval can be placed on the application.
   - Member Cook stated for clarification that there is already an age and home bound requirement placed on the application.
   - Meredith Baker with CHD asked for clarification that if a senior from the Heritage District that needs assistance comes into CHD they cannot get into the program with LOEL because the program is already full. Ms. Clemons stated that she cannot speak to that, but she does know that the program currently has a wait list.
4. Community Partnership for Families – score of 128

- Member Siddle asked if a manager will be hired to oversee the program. Ms. Baker with Community Partnership of Families stated that they are in the process of hiring a manager for this program.

- Vice Chair Zaman asked why Celebration on Central isn’t a part of the application. Ms. Baker stated that the expense was not worth the event cost for all of the partners involved. She added that the event held onsite in September was much more beneficial to the public.

- Member Siddle asked what prior service levels are being referred to in the application. Ms. Baker stated that the City used to fund the gang prevention program and since they no longer fund the program the efforts have fallen away in Lodi. She added that they would like to bring that back to Lodi.

- Member Diskin asked what facilities in Lodi are being used. Ms. Baker stated that they use the CHD and the One-Eighty Teen Center currently. She added that they also use Twin Arbors, Schools and other locations if there is a need in the area. Mr. Diskin asked if this is a duplicate of the One-Eighty Teen Center application. Ms. Baker stated that it sounds like a similar request, but she has not seen the application. Mr. Diskin asked if Community Partnership has a program for immigration services and placement. Ms. Baker stated that they do.

5. Emergency Food Bank – score of 127

- Member Diskin stated a concern with the lack of matching funds in the application. Ms. Clemons stated that the budget breaks down the funding which includes the matching funds.

6. California Human Development – score of 124

- Member Diskin was very impressed with application, but was concerned with the similarity of the program to Community Partnership for Families (CPFJ). Sharon Gillis, program manager, came forward to answer the concerns. Ms. Gillis stated that CPFJ does not have any staff members in Lodi currently. She stated that they offer a fee waiver for the citizenship applications. She added that they offer many programs to assist immigrants on the path to citizenship that are not offered in Lodi by CPFJ. Ms. Gillis added that they have programs to help the Dreamers and help with a DACA program.

- Member Siddle asked if the 500 people served was based on last year’s numbers. Ms. Gillis confirmed that to be correct.

- Ms. Baker came forward to clarify that Community Partnership for Families does not have any staff members working on immigration services and would love to see CHD funded for their efforts.
7. One-Eighty Youth – score of 118

- Member Diskin asked for the curriculum. Ms. Clemons invited Allyson McGregor to come forward to answer questions.

- Ms. McGregor stated that they have three programs; one is Why Try Program which includes family anger management, the second is the Anchored In Program which deals with teen substance abuse and the third is Job Readiness Program is working with school counselors to assist students with career development. She added that they are also working with local businesses to assist with job shadowing, resume building and other work environment skills. Member Diskin stated that he was having concerns with the possibility of Bible study being introduced into the studies. Ms. McGregor stated that the curriculum is public record and would be happy to share it with the Committee. She added that the curriculum does not have any religious teachings. Ms. McGregor stated that there is a huge substance abuse in the teen community and there are not any support programs geared toward youth.

- Member Siddle asked how they came up with 80 students. Ms. McGregor stated that they have 40 students at Liberty and every nine weeks there will be a start of a new cycle in the program.

- Vice Chair Zaman stated the CHD has a lot of programs that would be beneficial to some of these teens. Ms. McGregor stated that they have sent some of their students to CHD. She added that she has found that the at-risk youth need to have a mentor, so it is difficult to get kids to stick with a program unless they have someone there to help them through it.

Chair Bojack would like to take the scoring and funding together.

Ms. Baker asked why Graffiti Abatement is being funded through CDBG and not out of the General Fund or some other fund. Ms. Clemons stated that she would have to get that information and get back to her. Member Forkas stated that the program has always been funded through CDBG.

Ms. Gillis came forward and asked if the score for CHD would have been higher if Ms. Zaman would have not had to recuse herself from the scoring. Ms. Clemons stated that the score would not been higher.

Chair Bojack stated that after hearing everyone speak he would like to see CHD ranked a little higher. He liked how the programs complimented each other. Ms. Siddle agreed.

Some Committee Members expressed concerns regarding the amount that is being used by the Graffiti Abatement program and the fact that it is taking so much away from the community based service group applications. Ms. Clemons stated that she is going to have to relook at the Graffiti Abatement request since they are asking for an increase in funds without an expansion of services. Member Diskin stated for clarification that we have $190,000 worth of requests and only $95,000 available to fill those requests. Ms. Clemons confirmed that to be accurate.
Ms. Clemonds gave several examples of how the funding can be allocated.

Member Cook stated that he feels that all of the programs are outstanding and would like to see all of the projects receive some funding.

Member Diskin stated a concern over the fact that Graffiti Abatement has been funded for so many years and the fact that there hasn’t been any expansion of the program. He added that if Graffiti abatement went unfunded this year the top five applications can be funded. Chair Bojack stated his agreement with that thought process. Member Yadav stated his support for keeping the program funded.

Ms. McGregor, One-Eighty Teen Center, came forward to state that keeping the graffiti away is huge in curbing the gang activity.

Chair Bojack motioned to not fund the Graffiti Abatement with CDBG funds for this program year.

Mr. Cook would like to ensure that the program would not falter if the committee makes this decision. Ms. Clemonds stated that there will be another opportunity for the Committee to meet before the Annual Action Plans is released. She recommended that the Committee make two or three recommendations regarding Graffiti Abatement, one with it being funded, one without it being funded and one with a reduced funding.

Mr. Diskin asked if the percentages can be altered to allow more money to be spent on Public Services. Ms. Clemonds stated that the caps are set by HUD.

Chair Bojack stated that last year there was a similar situation where two proposals were recommended. Ms. Clemonds stated that there was a similar situation, but direction was given to staff to make the alteration once given direction.

Member Diskin stated that the top five programs can be funded at 80 percent of request with Graffiti Abatement at 80 percent as well.

Ms. Clemonds stated that the funding will look like the following:

Graffiti Abatement – 28,000
Second Harvest – 8,000
Salvation Army – 24,000
LOEL Senior Center – 8,000
Community Partnership for Families – 40,000
California Human Development – 0
Emergency Food Bank – 0
One-Eighty Youth Programs – 0

Chair Bojack stated that he still has reservation about funding LOEL. Member Siddle agreed with Chair Bojack. She would like to have answers to her questions before funding the program. Chair Bojack would like to see California Human Development inserted into the equation in place of LOEL.

Member Diskin stated that his numbers should be 70 percent instead of 80.

Member Diskin stated that the funding will look like the following:
Graffiti Abatement – 24,000
Second Harvest – 7,000
Salvation Army – 21,000
LOEL Senior Center – 7,000
Community Partnership for Families – 35,000
California Human Development – 0
Emergency Food Bank – 0
One-Eighty Youth Programs – 0

Ms. Clemons stated that she is using the $30,000 as the base for Graffiti, since they cannot increase the amount from last year. She believes that the amount will be $21,000 calculated at 70 percent.

Chair Bojack withdrew his motion above.

Member Diskin stated that the Graffiti Abatement Program could be curbed this year and let the City know that they will need to start finding alternative funding sources for next year. He added that is what is expected of all of the other programs. Member Diskin asked Ms. Clemons to read the amounts

Ms. Clemons stated the funding as follows:
Graffiti Abatement – 21,000
Second Harvest – 7,000
Salvation Army – 21,000
Community Partnership for Families – 28,000
California Human Development – 18,000
LOEL Senior Center – 0
Emergency Food Bank – 0
One-Eighty Youth Programs – 0

Member Diskin motioned to recommend funding as stated above, Bojack second.

The Vote Carried by the following vote:

Ayes: Cook, Diskin, Siddle and Bojack
Noes: Forkas, Yadav and Zaman

Vice Chair Zaman stated that she is concerned because she would like to see all of the programs receive some sort of funding. She also stated that she still had questions that did not get answered and she would like to revisit the scoring on some of the programs. Ms. Zaman stated that she had a couple of questions regarding the Salvation Army Operation Support project and the other was for LOEL program expansion. She stated that she did not see an expansion in the application, but supports the efforts that they are doing in the community. Ms. Clemons stated that Major Mark is in attendance to answer questions.

Vice Chair Zaman asked if the money was going to be used to hire staff. Major Thielenhaus stated that is to maintain funding for existing staff.
Mr. Cook stated that he is also concerned with not funding some of these programs. He would like to see all of the applications funded to some degree. His scoring experience has been more of a direct link between the questions and answer, where this scoring had some objectiveness to the answers. Diskin asked him if he would like to see the funding by a weighted average based on their scores. Ms. Clemons stated that she could try an 80, 70, 60, 50, 40, 30, 20 percent based on the ranking.

Ms. Clemons asked how everyone feels about the current ranking of the applications:
1 – Second Harvest at 140
2 – Salvation Army at 135
3 – LOEL at 130
4 – Community Partnership for Families at 128
5 – Emergency Food Bank at 127
6 – California Human Development at 124
7 – One-Eighty Teen Center at 118

Mr. Diskin stated that if you start at 90 and work down to 30 percent it will leave approximately 4,000 for Graffiti Abatement, so he recommends that the Committee decide where Graffiti Abatement should be ranked in the large picture. Discussion occurred regarding possible funding ideas with no conclusion.

Ms. Clemons asked for each member to state how they feel about funding Graffiti Abatement. Member Forkas stated that he believes that Graffiti should remain first on the list because the program has proven its effectiveness. Member Cook stated his agreement with Member Forkas. Member Diskin stated another option for funding giving Graffiti Abatement 15,000 and then start at 80 percent going down the list by decreasing it 10 percent the total is approximately $90,000. Member Siddle stated her appreciation for the explanation regarding Graffiti Abatement and she added that after hearing everyone speak she would alter her scores, but is still having a bit of a difficult time. Chair Bojack stated that he would fund Graffiti Abatement last since it has a funding source other than CDBG. Vice Chair Zaman stated her agreement with Chair Bojack. Mr. Yadav stated his agreement with Member Forkas.

Ms. Clemons stated that maybe a couple of options can be presented: one with Graffiti fully funded at $30,000 and the other with it being funded at $15,000. Member Forkas asked Ms. Clemons to clarify why the staff report says the funding will be at $35,000 and tonight we are only discussing it being funded at $30,000. Ms. Clemons stated that during the meeting discussion she realized that the increase funding request from last year is not eligible for this application.

Member Diskin stated that if you fund Graffiti Abatement at two-thirds $20,000 and then a percentage of the ranked applications similar to what was mentioned earlier
the total comes out to $95,000. Ms. Clemons asked Member Diskin to read the numbers that he came up with and they are as follows:

- Graffiti Abatement – $20,000
- Second Harvest – 8,000
- Salvation Army – 20,000
- Community Partnership for Families – 25,000
- California Human Development – $8,000
- LOEL Senior Center – 6,000
- Emergency Food Bank – 4,000
- One-Eighty Youth Programs – 4,000

Ms. Gillis came forward to state that immigration services are very important to the City of Lodi. She added that $8,000 would not allow for much in services. Ms. Clemons asked if CHD would still be able to put on the Outreach Event. Ms. Gillis stated that they would. Member Yadav asked if CHD has any other funding resources. Ms. Gillis stated that they do have additional resources. Mr. Diskin asked if the money would all get spent on the services. Ms. Gillis stated that they could spend the money, but it will not go very far for assistance, they are in desperate need of additional staff.

Ms. Clemons stated that last year one of the projects could not use the amount awarded due to the lowered amount, so this year there will be a follow-up discussion with all of the applicants to discuss what is being recommended and if those amounts will allow them to accomplish their goal.

Ms. Siddle stated that based on the applications she doesn’t understand how LOEL scored so high.

Sola Bojack came forward to state that if the Committee wants to change the order of the ranking it makes more sense to do that instead of changing the scores. She added that it makes more sense to fund a few of the programs with their needed amounts instead of cutting the funds to a point where it doesn’t make sense to even fund them.

Member Diskin agreed with funding only the top ranked projects that is why he made the motion earlier. Member Siddle stated that she is still uncomfortable with the LOEL ranking.

Ms. Clemons read the original funding from the motion.

Chair Bojack asked if any members had any suggestions to a revised ranking of the applications.
Mr. Cook stated that if there is a threshold where the funding stops making sense then it needs to be established. Ms. Clemons stated that $10,000 is generally a good threshold for programs.

Member Diskin doesn’t feel that it is fair that there is a set minimum funding award of $10,000 just for applying. He feels that it is better to not fund some of the project, so that the others can fulfill their program goals.

Allyson McGregor, One-Eighty Teen Center, came forward to state that it is a lot of work to manage the programs and she agrees with Ms. Clemons that the minimum should be around $10,000 to make it worth the effort to run the program. She added that if the Committee feels that the other programs are best served for funding this year then the Committee should fund those.

Member Diskin asked Ms. Clemons to read aloud the funding breakdown from the earlier motion. Ms. Clemons read as follows:

Graffiti Abatement – 21,000 22500
Second Harvest – 7,000
Salvation Army – 21,000
Community Partnership for Families – 28,000
California Human Development – 18,000
LOEL Senior Center – 0
Emergency Food Bank – 0
One-Eighty Youth Programs – 0

Mr. Cook would like to see the Committee not forget the Seniors in our community.

Chair Bojack would like to see the where the other Committee Members would rank the applications after tonight’s discussion. Ms. Clemons stated that the current ranking is #3.

The Committee Members:
Member Yadav – wasn’t comfortable with ranking since he did have the time to do his homework
Vice Chair Zaman – would like to see LOEL funded, but would rank it at #5
Chair Bojack – would like to see LOEL moved to #5 and out of the funding.
Member Siddle – would like to see LOEL ranked at #5
Member Cook – would like to see LOEL ranked at #3
Member Forkas – would like to see LOEL ranked at #2
Member Diskin – would like to see LOEL stay at #3, but with the caveat that they include residents in the Heritage area.
Another option with including LOEL:

- Graffiti Abatement – $20,000 (66.66667%)
- Second Harvest – $10,000 (100%)
- Salvation Army – $12,000 (40%)
- Community Partnership for Families – $35,000 (70%)
- California Human Development – $10,000 (38%)
- Emergency Food Bank – 0
- LOEL Senior Center – $8,000 (80%)
- One-Eighty Youth Programs – 0

A motion was made by Member Diskin, Cook Second to recommend funding the program applications as stated directly above.

The motion carried by the following vote:

- Ayes: Cook, Diskin, Forkas, Siddle, Yadav, Zaman and Bojack
- Noes: None

- California Rural Legal Assistance - $7,091

The motion carried by the following vote:

Ms. Clemons stated that the Capital projects are proposed as follows:

- Salvation Army HVAC and system replacement/repairs - $32,000 and $79,960 (with condition of showing proof of repair costs exceed $10,000 over the past 5 years)
- Blakely Park Restroom Project - $250,000

Member Siddle doesn’t want to see the refrigeration go out and they be in an emergency situation.

Member Cook stated that there was only one bid in the packet provided. He would like to know if they will only be funded for the lowest bid. Ms. Clemons stated that they will be awarded, but they will only be reimbursed for receipts received.

Major Mark stated that they cannot request reimbursement for more than what they spend.
A motion was made by Member Diskin, Cook Second to recommend funding the program applications as stated directly above.

The motion carried by the following vote:

Ayes: Cook, Diskin, Forkas, Siddle, Yadav, Zaman and Bojack

MEMORANDUM, City of Lodi, Community Development Department

To: Lodi Improvement Committee
From: Patrice Clemons, CDBG Program Specialist/City Staff Liaison
Date: June 11, 2019
Subject: Staff Report on Updates to the Lodi Improvement Committee 2018-19 Goals.

Purpose: Lodi Improvement Committee reviews its purposes and goals for the 2018-19 program year including its goals to support the Community Development Block Grant Program and ABCD: Love Your Block program.

Action: Lodi Improvement Committee will discuss its progress on meeting its 2018-19 goals, both actions taken and action to be taken.

Presentation Summary:
Local economic development plans and actions require strategic vision. The national and global economy plays a vital role in local economic development efforts. Ms. Trupovnieks will discuss the City’s preliminary goals and objectives for business development including the City’s focus on forming a customized relationship with its key utility accounts. A customized approach towards utility customers will be discussed because energy usage has historically been just a cost to simply manage for businesses when it can be more. Today, energy usage is steadily climbing up the corporate agenda due to sweeping environmental, social, and business trends. Considerations also include climate change and global carbon regulation.
