Director Baker plans on giving these out when doing outreach to help promote and encourage the use of our databases to the community. Director Baker gave many of these away when he met with last week with the Librarian at Lodi High School while promoting some of the library's programs and services.

The State Library will be providing much more info on those grant opportunities as the new fiscal year approaches.

Our ILS system has been up and down and staff have had to manually charge and discharge items as well as manually create library cards. At times, our Internet has also been affected for staff and public use. The City hopes to identify and correct all IT issues as soon as possible.
